

Building a Protective Environment for Children - Parent Course

Our online Child Protection Parent training course - *Building a Protective Environment for Children* - assists in educating parents, guardians and adult family supports in the key proactive initiatives that can prevent child abuse and form a bond with children that will last a life time!

A fresh approach to child protection that really works – right in front of your eyes – every day.

We all use sunscreen every day to protect against skin cancer, and now we can use Child Protection strategies every day to protect against child abuse.

You wouldn't let your children ride a bike without a helmet, or play in the sun without a hat – so why let them out of your sight without essential Child Protection habits?

This course takes a fresh approach to Child Protection - teaching practical strategies that everyone can learn to use to protect themselves and others from child abuse.

Building a Protective Environment for Children Parent Course

You will learn the **7 Steps 2 Safety** and appreciate the way they not only protect children, but transform your relationship with them. Parents cannot afford to skip this one!
